

OVERVIEW

Designed to relieve shoulder pain at fixed workstations, Hapo AR is dedicated to supporting the arm and shoulder during repetitive movements and constrained postures. Ultra-lightweight (200 g), it stands out for its ease of use as well as its ability to adapt to a wide range of supports and work environments. Derived from the Hapo FRONT, it benefits from proven reliability and offers a high-performance ergonomic solution.

30% to 45% reduction
in muscle strain at the biceps
level – 15% to 25% at the
shoulders

Continuous assistance
across all shoulder
angles

User comfort,
reduced fatigue, and prevention of
shoulder and arm musculoskeletal
disorders (MSDs)
